

## **Disaster Evacuation Pack**

Lightweight, waterproof backpack or duffel bag, labeled with pets' names

Carrier

Leashes/Harnesses

Muzzles (to prevent stressed animals from acting out and harming another person or animal)

Medical records & medications in waterproof container (such as a zip-top bag)

Current photos and ID in case of separation

Food for at least 3 to 7 days- be sure to add a can opener if necessary!

Bottled water for at least 7 days for each pet

Portable water bowls

Papers: Feeding instructions, any notes on special care and behavioral information for each pet

Familiar beds, blankets, toys & treats

Cleaning supplies such as trash bags, sealable bags & paper towels

Disposable litter trays, litter, and newspaper if applicable.

### **Include a Pet First Aid Kit:**

Emergency telephone numbers

Paper & pencil

First aid books- as specific to each pet as possible

Adhesive tape

Alcohol prep pads (used to clean instruments and hands, but not open wounds)

Baby dose syringe (for flushing wounds)

Cloth strips (approximately 2 in. x 4 ft. long)

Cotton balls, swabs

Elastic bandage (Vet Wrap)

Eye wash

Duct tape

Flexible wrap

Gauze pads & bandages

Gloves (both leather and latex or latex-free)

Hand sanitizer

Hydrogen peroxide

Multi-purpose tool

Pediatric rectal thermometer (Remember: normal body temperature for cats and dogs is 100.5 to 102.5 degrees Fahrenheit)

Water-based lubricant

Povidone-iodine solution (antiseptic)

Scissors

Styptic powder or pencil (clotting agent to stop bleeding)

Tweezers

Towels (small travel towels work well)

Cold pack

Emergency blanket

Flashlight & spare batteries

Water bottle
