

# Pet Guardianship Program

For many people, companion animals are important members of their household. However, most animal owners have no plans for the care of their beloved companions in the event of the owner's death. With that in mind, the Humane Society of San Antonio recently developed a Pet Guardianship Program.

Each Pet Guardianship can be crafted to fit the needs of any owner and their pet. We ensure that their pet will come into the loving care of the Humane Society of San Antonio where we will take full responsibility for finding him/her a loving home to live out their life. We will conduct annual visits of the new home and provide a full return guarantee if the new owner cannot take care of the pet according to the Humane Society's required standards.

We provide Pet Guardianship agreements to secure the knowledge that when an owner can no longer care for them, their pets can still receive the love, care and attention they have always enjoyed.

The Humane Society of San Antonio is committed to providing the best possible living arrangements for all pets in our program until they are adopted.

Depending upon their personality and individual needs, pets will live either in our on-site facility or in a carefully chosen extended-care foster home.

The agreement for each animal can be established by bequest through a will or trust, with an insurance policy, or can be paid in full at the time of enrollment. The Pet Guardianship agreements are subject to review by our board of directors and require that the designated amount or bequest is sufficient to cover the needs of the animals.

Please contact our staff for a current Pet Guardianship fee schedule. A non-refundable enrollment fee of \$500 per dog or cat is due at the time of enrollment.\*

\*Enrollment fees are not considered a charitable gift for tax purposes.
